Section 1.

Faculty Membership

The faculty shall consist of the CORPS OF INSTRUCTION and the ADMINISTRATIVE OFFICERS (BOR Policy Manual Section 3.2.1)

Corps of Instruction

Full-time professors, associate professors, assistant professors, instructors, lecturers, and teaching personnel with such other titles as may be approved by the Board, shall be the Corps of Instruction. Full-time research and extension personnel and duly certified librarians will be included in the Corps of Instruction on the basis of comparable training. Persons holding adjunct appointments or other honorary titles shall not be considered to be members of the faculty (BOR Policy Manual Section 3.2.1.1)

Administrative Officers

A faculty member who has academic rank and rights of tenure in the Corps of Instruction and who accepts appointment to an administrative office shall retain his academic rank and rights of tenure as an ex officio member of the Corps of Instruction but shall have no rights of tenure in the administrative office to which he has been appointed. The additional salary, if any, for the administrative position shall be stated in the employment contract and shall not be paid to the faculty member when he or she ceases to hold the administrative position. An administrative officer having faculty status shall have all
the responsibilities and privileges of faculty membership. Administrative officers shall be appointed by the president with the approval of the Board of Regents and shall hold office at the pleasure of the president. (BOR Policy Manual Section 3.2.1.2)

Other Faculty Members
In addition to the Corps of Instruction, the faculty will include the president, administrative and academic deans, registrar, librarian, chief fiscal officer, and such other full-time administrative officers as the statutes of the institution may designate as having ex officio faculty status. Each institution is required to file with the office of the Board of Regents a list of administrative officers that have faculty status (by office, not by name of individual). (BOR Policy Manual Section 3.2.1.3)

Section 2.

Equal Employment Opportunity
No person shall, on the ground of race, color, sex, religion, creed, national origin, age, status as a disabled veteran or veteran of the Vietnam era, or handicap be excluded from employment or participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the Board of Regents of the University System of Georgia or this institution (BOR Policy Manual Section 8.2.1)

Section 3.

Faculty Appointment, Notice of Employment and Resignation

A. Appointment

Minimum employment qualifications are established by the University System of all institutions designated as State Universities (BOR Policy Manual Section 8.3.1)

B. Notice of Employment and Resignation

1. Tenured

All tenured faculty members employed under written contract for the fiscal or academic year shall give at least sixty (60) days written notice of their intention to resign to the president of the institution or to his/her authorized representative. (BOR Policy Manual Section 8.3.4.1)

2. Non-Tenured

a. All non-tenured faculty who have been awarded academic rank (instructor, assistant professor, associate professor, professor), are employed under written contract, and who served full-time for the entire previous year have the presumption of renewal of the next academic year unless notified in
writing, by the president of an institution or his/her authorized representative, of the intent not to renew. Such written notice shall be delivered by hand or by certified mail, to be delivered to the addressee only, with receipt to show to whom and when delivered and the address where delivered. (BOR Minutes Section 8.3.4.2)

b. Notice of intention to renew or not to renew a non-tenured faculty member who has been awarded academic rank (instructor, assistant professor, associate professor, professor) shall be furnished, in writing, according to the following schedule:
   - at least three months before the date of termination of an initial one-year contract;
   - at least six months before the date of termination of a second one-year contract;
   - at least nine months before the date of termination of a contract after two or more years of service in the institution.
This schedule of notification does not apply to persons holding temporary or part-time positions, or persons with courtesy appointments, such as adjunct appointments.

c. Non-tenured faculty and other non-tenured personnel employed under written contract shall be employed only for the term specified in the contract and subsequent or future employment, if any, shall result solely from a separate offer and acceptance requisite to execution of a new and distinct contract. (BOR Policy Manual Section 8.3.4.2)

C. Employment of Relatives

The basic criteria for the appointment and promotion of faculty at Columbus State University shall be appropriate qualifications and performance as set forth in the policies of the Board of Regents. Relationship by a family or marriage shall constitute neither an advantage nor a disadvantage.

No individual shall be employed in a department or unit which will result in the existence of a subordinate-superior relationship between such individual and any relative of such individual through any line of authority. As used herein, "line of authority" shall mean authority extending vertically through one or more organizational levels of supervision or management.

For the purpose of this policy, relatives are defined as husbands and wives, parents and children, brothers, sisters, and any in-laws of any of the foregoing.

The above conditions will not apply to:
temporary or part-time employment of children under age 25;
any individual employed as of February 14, 1990, at any institution where a relative of such individual then holds a superior position at least one level of supervision removed from such individual in any line of authority; or
exceptions approved by the Board of Regents upon recommendation of the Chancellor as being clearly in the best interest of the University and the University System (BOR Policy Manual Section 8.2.3)

Section 4. Tenure

A. General

The employment of tenured Faculty shall be permanent. The responsibility of Columbus State University shall be to provide continuous employment of a tenured individual on a 100% work load basis for two (2) out of every three (3) consecutive academic terms until the individual's retirement, resignation, dismissal for cause, or release because of financial exigency or program modification as determined by the Board of Regents (BOR Policy Manual section 8.3.7.1).

B. Eligibility

Only assistant professors, associate professors, and professors who are normally employed full-time (as defined by Regents' policies) and who are appointed in tenure track positions are eligible for tenure. The initial evaluation of a faculty member and recommendation for the award of tenure shall be the responsibility of the faculty member's Department or College. Each Department or College shall devise appropriate procedures for such evaluation. Faculty members with adjunct appointments shall not acquire tenure (BOR Policy Manual section 8.3.7.1).

C. Criteria for Tenure

Tenure resides at the institutional level. Only assistant professors, associate professors and professors who are normally employed full-time (i.e. 100% work load basis for two out of three consecutive academic terms) by Columbus State University are eligible for tenure. Faculty members with adjunct appointments shall not acquire tenure. The award of tenure is limited to the above ranks and shall not be construed to include honorific appointments.

The minimum criteria for tenure, including time in rank requirements, are set forth in policies of the Board of Regents of the University System of Georgia (Section 8.3.7.3) and in the Columbus State University Faculty Handbook (Section 106.4) and the departmental standards of excellence.

1. Ordinarily the doctorate or appropriate terminal degree in the field or discipline is required. In some fields the master's degree with professional certification and substantial experience may, for this purpose, be allowed to substitute for the terminal degree.

2. Superior teaching demonstrating excellence in instruction.

3. Excellence in one of the following areas and satisfactory performance in the other:
   a. Outstanding service to the institution, profession or community.
   b. Research, scholarly or creative engagement.
Possession of the foregoing qualifications per se does not entitle an individual to be awarded tenure. In tenure decisions, present and anticipated staffing needs of the Department, College and University shall be fully considered. Since the tenure decision involves factors which extend beyond determination of the competence, performance, and promise of the faculty member under review, the failure to award tenure does not necessarily imply an unfavorable evaluation of the faculty member.

D. Award of Tenure

1. Tenure may be awarded, upon recommendation by the president, upon completion of a probationary period of at least five years of full-time service at the rank of assistant professor or higher. The five-year period must be continuous except that a maximum of two years interruption because of a leave of absence or of part-time service may be permitted; provided, however, that no probationary credit for the period of an interruption shall be allowed. A maximum of two (2) years' credit toward the minimum probationary period may be allowed for service in tenure track positions at other institutions or for full-time service at the rank of instructor or lecturer at Columbus State University. Such credit for prior service shall be defined in writing and approved by the president at the time of the initial appointment at the rank of assistant professor or higher.

In exceptional cases, the President may approve an outstanding, distinguished faculty member tenure upon initial appointment in cases where the faculty member was a tenured associate or full professor at their prior institution and brings a demonstrably national reputation to the institution. For an administrative appointment, the award of tenure must be approved by the chancellor. (BOR Policy Section 8.3.7.4)

2. The maximum time that may be served at the rank of full-time instructor, assistant professor or above without the award of tenure shall be seven years (except in the case of a suspension due to a leave of absence). However a terminal contract for an eighth year may be proffered if an institutional recommendation for tenure is not approved by the Board of Regents. The maximum time that may be served in any combination of full-time instructional appointments (instructor, or professorial ranks) without the award of tenure shall be ten years, provided, however, that a terminal contract for an eleventh year may be proffered if tenure is not approved by the President. (BOR Policy Section 8.3.7.6)

3. Tenure or probationary credit toward tenure is lost upon:
   1) resignation from Columbus State University, or
   2) written resignation from a tenured position in order to take a non-tenured position, or
   3) written resignation from a position for which probationary credit toward tenure is given in order to take a position for which no probationary credit is given. In the event such an individual is again employed as a candidate for tenure, probationary credit for the prior service may be awarded in the same manner as for service at another institution.

4. As with all faculty, administrators reviewed for promotion and tenure must meet department, college, and university standards.
Upon approval of the award of tenure to an individual by the president, that individual shall be notified in writing by the president with a copy of the notification forwarded to the Executive Vice Chancellor and Chief Academic Officer. (BOR Policy Manual section 8.3.7.5)

Section 5. Non-Tenure Track Personnel

Institutions of the University System are authorized to establish professional positions designated as non-tenure track positions. Each institution shall prepare annually, along with its budget, a list of positions so designated for submission to and approval by the Chancellor. Subsequent requests for such designations submitted during the budget year must also be approved by the Chancellor. Positions designated as non-tenure track positions or as tenure track positions may be converted to the other type only with approval by the President.

Non-tenure track positions may be established for full-time professional personnel employed in administrative positions or to staff research, technical, special, career and public service programs or programs which are anticipated to have a limited lifespan or which are funded, fully or partially, through non-System sources. There shall be no maximum time limitation for service in positions in this category.

The following provisions shall apply to all non-tenure track professional personnel:

A. Individuals employed in non-tenure track positions shall not be eligible for consideration for the award of tenure.

B. Probationary credit toward tenure shall not be awarded for service in non-tenure track positions, except for lecturers and senior lecturers.

C. Notice of intention to renew or not to renew contracts of non-tenure track personnel who have been awarded academic rank (Instructor, Assistant Professor, Associate Professor, Professor) shall follow the schedule required for tenure track personnel. This schedule of notification shall not apply to other professional personnel.

D. Individuals employed in non-tenure track positions may apply, on an equal basis with other candidates for tenure track positions which may become available.

The transfer of individuals from tenure-track positions to non-tenure track positions shall be effected on a voluntary basis only (BOR Policy Manual section 8.3.8).

Full-time Lecturers and Senior Lecturers

To carry out special instructional functions such as basic skills instruction, Columbus State may appoint instructional staff members to the position of lecturer. Lecturers are not eligible for tenure and
reappointment after six (6) consecutive years of service is permitted only if the lecturer has demonstrated exceptional teaching ability and extraordinary value. Not more than 20% of the FTE corps of primary undergraduate instruction may be lecturers or senior lecturers. (BOR Policy Manual section 8.3.8.1)

Lecturers may be promoted to senior lecturer after six years based on clearly stated promotion criteria with approval of the President. Senior lecturers are not eligible for tenure.

**Academic Professionals and Senior Academic Professionals**

With the approval of the chancellor, the President may establish such non-tenure track positions that may require and academic background similar to a faculty member but distinctly different from professorial positions. Such position may include research associates, engineers, technologists, managers of instructional labs, academic program managers, academic advisors or counselors or curriculum developers.

The following stipulations apply:
The position requires the appropriate terminal degree or demonstrably successful experience approved by the President
Teaching and research must be less than 50% of total assigned duties
The position is non-tenure track and not eligible for probationary credit

**Section 6. Dismissal of Faculty Members for Cause and Requirements for Due Process**

The president may at any time remove any faculty member for cause, which includes willful or intentional violation of the policies of the Board of Regents or Columbus State University’s own approved statutes. Both the Board of Regents’ tenure regulations and CSU’s statutes set forth further **Grounds for Dismissal**, as well as both Preliminary and Final Procedures for Dismissal.

a) **Dismissal of Temporary, Limited Term, or Part-Time Instructional Personnel**
Temporary or part-time personnel serving without a written contract hold their employment at the pleasure of the president, chief academic officer, or their immediate supervisor, any of whom may discontinue the employment of such employees without cause or advance notice.

b) **Nonrenewal.** All non-tenured faculty with academic rank employed under contract and serving for the entire previous year have the presumption of reappointment and the university must notify them of the decision not to renew in accordance with the university’s non-renewal regulations.

c) **Resignation and Retirement.** All tenured faculty members and all other faculty members employed under written contract for the fiscal or academic year must give the president or his/her authorized representative at least 60 days written notice of their intention to resign or retire. The preferred practice is to send notice to the chair and a copy to the dean.
d) **Financial Exigency.** Termination of an appointment with continuous tenure, or of a probationary or special appointment before the end of the specified term, may occur under extraordinary circumstances because of a demonstrably bona fide financial exigency, i.e., an imminent financial crisis that threatens the survival of the institution as a whole and that cannot be alleviated by less drastic means. Declarations of financial exigency must follow BOR guidelines as established in its policy manual, and termination of faculty due to financial exigency must follow the university’s own guidelines.

e) **Discontinuance of Program or Department Not Mandated by Financial Exigency.** Termination of an appointment with continuous tenure, or of a probationary or special appointment before the end of the specified term, may occur as a result of bona fide formal discontinuance of a program or department of instruction as outlined in the Discontinuance of Program or Department Standards and Procedures.

**A. Cause for Dismissal**

Tenured or non-tenured faculty members may be dismissed before the end of their contract term for any of the following reasons, provided that the institution has complied with procedural due process requirements:

1. conviction or admission of guilt of a felony or of a crime involving moral turpitude during the period of employment—or prior thereto if the conviction or admission of guilt was willfully concealed
2. professional incompetency, neglect of duty, or default of academic integrity in teaching, in research, or in scholarship
3. unlawful manufacture, distribution, sale, use, or possession of marijuana, a controlled substance, or other illegal or dangerous drugs as defined by Georgia laws; teaching or working under the influence of alcohol which interferes with the faculty member’s performance of duty or responsibilities to the institution or to the profession
4. conviction or admission of guilt in a court proceeding of any criminal drug offense
5. physical or mental incompetency as determined by law or by a medical board of three or more licensed physicians and reviewed by the Faculty Hearing Committee if challenged
6. false swearing with respect to official documents filed with the institution
7. disruption of any teaching, research, administrative, disciplinary, public service, or other authorized activity
8. Violation of, among other policies, Board Policy 8.2.1 (non-discrimination), Board Policy 8.2.16 (sexual harassment), or Board Policy 8.2.23 (amorous relationships).
9. such other grounds for dismissal as may be specified in the statutes of Columbus State University

**B. Procedures for Dismissal of Faculty Members**

1. General
These procedures apply only to the dismissal of faculty members with tenure or non-tenured faculty members before the end of the term specified in their contract. As stated above, the president may at any time remove any faculty member for cause.

2. Preliminary Procedures

The dismissal of tenured faculty members or non-tenured faculty members during their contract term should be preceded by:

1. a discussion between the faculty member and appropriate administrative officers looking toward a mutual settlement
2. an informal inquiry by the Executive Council of the Faculty Senate and the Provost which may, upon failing to effect an adjustment, advise the president whether dismissal proceedings should be undertaken (its advisory opinion shall not be binding upon the president.)
3. a letter forewarning the faculty member of his or her imminent dismissal for cause and informing the faculty member that a statement of charges will be forwarded (Faculty members may also request a formal hearing on the charges before the faculty hearing committee described below. Failure to request a hearing within a reasonable time shall constitute a waiver of the right to a hearing.)
4. submitting to the faculty member a statement of charges, framed with reasonable particularity by the president, along with the names of witnesses whose testimony will be presented to establish cause for dismissal and information regarding the nature of their expected testimony.

3. The Hearing Committee

A dismissal as defined above will be preceded by a statement of charges or causes (grounds for dismissal) if so requested, including a statement that the faculty member concerned has the right to be heard by a faculty hearing committee.

The Faculty Hearing Committee

To form a faculty hearing committee the Senate’s Executive Council will pick five individuals from a pool consisting of tenured faculty members who have been at CSU for at least four years and have finished serving on the Faculty Senate within the last six years (or longer if necessary to form a viable committee of five). Those five committee members will select one department chair who meets the same requirements as the other faculty members to be on the committee. Those six committee members will select the chair of the faculty hearing committee, who will have a vote only in the event of a tie. Members should remove themselves from any case, either at the request of a party or on their own initiative, if they deem themselves disqualified for bias or interest. Each party will have a maximum of two challenges without stated cause provided that all challenges, with or without cause, are made in writing and filed with the chair of the faculty hearing committee at least five business days in advance of the date set for the hearing.
The chair has the authority to decide whether a member of the committee is disqualified for cause. If the chair determines that a member is so disqualified or if a committee member removes himself or herself from a case, the replacement will be selected in the same manner as the original committee was formed. The committee chair may be disqualified by a majority vote of the other committee members. If the chair is thus removed, the committee will elect a new chair after committee replacements have been appointed. A minimum of five is required to make any decisions.

C. Procedures for the Hearing, Dismissal, and Appeal

The following procedures will apply:

1. Pending a final decision by the hearing committee, the faculty member will be suspended, or assigned to other duties in lieu of suspension, only if continued performance of regular duties threatens immediate harm to the faculty member or others. Before suspending a faculty member, pending an ultimate determination of the faculty member’s status through the institution’s hearing procedures, the Office of the Associate Provost for Faculty and Judicial Affairs will convene a committee of three former faculty senators to consider the propriety, the length, and the other conditions of the suspension. A suspension intended to be final is a dismissal and will be treated as such. Salary will continue during the period of the suspension.

2. At least 20 business days prior to the hearing, the Faculty Hearing Committee must serve the faculty member notice in writing and include the specific reasons or charges as well as the names of the members of the Committee. The faculty member may waive a hearing or respond to the charges in writing at least five business days in advance of the date set for the hearing. If a faculty member waives a hearing but denies the charges or asserts that the charges do not support a finding of adequate cause, the Hearing Committee will evaluate all available evidence and rest its recommendation upon the evidence in the record.

3. The Faculty Hearing Committee may, with the consent of the parties concerned, hold joint prehearing meetings with the parties in order to (i) simplify the issues, (ii) effect stipulations of facts, (iii) provide for the exchange of documentary or other information, and (iv) achieve such other appropriate prehearing objectives as will make the hearing fair, effective, and expeditious.

4. The Faculty Hearing Committee, in consultation with the president and the faculty member, may exercise its judgment about whether the hearing should be public or private.

5. During the proceedings the faculty member and the administration are permitted to have on hand an academic advisor and/or counsel of their choice. The hearing committee will be permitted to have advisory counsel.

6. At the request of either party or the chair of the Faculty Hearing Committee, a representative of a responsible education association will be permitted to attend as an observer.

7. The chair of the Faculty Hearing Committee will ensure that an audio recording of the hearing or hearings will be kept and will be made available to the grievant upon request. Additionally, the chair of the Faculty Hearing Committee will deliver the audio recording of the hearing to the Office of the Associate Provost for Faculty and Judicial Affairs where will be archived.
8. Prior to the start of the hearing, an oath or affirmation will be administered to all witnesses by any person authorized by law to administer oaths in the State of Georgia (i.e., a notary).

9. The Faculty Hearing Committee may grant adjournments to enable either party to investigate evidence about which they have made a valid claim of surprise.

10. The faculty member and the administration will be afforded a reasonable opportunity to obtain necessary witnesses and documentary or other evidence. The administration will cooperate with the Faculty Hearing Committee in matters regarding witness availability and making available pertinent documents and other evidence that does not infringe upon a reasonable expectation of privacy.

11. The parties will have the right to question all witnesses. Where witnesses cannot or will not appear but the committee determines that the interests of justice require the admission of their statements, the committee will identify the witnesses, disclose their statements, and if possible provide for interrogatories.

12. In the hearing of charges of incompetence, the testimony will include that of qualified faculty members from this or other institutions of higher education.

13. The Faculty Hearing Committee will not be bound by strict rules of legal evidence and may admit any evidence of probative value in determining the issues involved. Every possible effort will be made to obtain the most reliable evidence available. All questions relating to admissibility of evidence or other legal matters will be decided by the chair or presiding officer.

14. The findings of fact and the decision of the Faculty Hearing Committee will be based solely on the hearing record.

15. Except for such simple announcements as may be required covering the time of the hearing and similar matters, public statements and publicity about the case by either the faculty member or administrative officers should be avoided until the proceedings have been completed, including consideration by the Board of Regents in the event that an appeal is filed. The Faculty Hearing Committee Chair will notify the president and the faculty member in writing of its decision and recommendation, if any.

16. If the Committee concludes that adequate cause for dismissal has not been established by the evidence in the record, it will so report to the president. If the president does not approve the report, he or she should state the reasons for that disapproval in writing to the Committee and to the faculty member and provide an opportunity for responses before rendering a final decision. If the Committee concludes that an academic penalty less than dismissal would be more appropriate, it may so recommend with supporting reasons. The president may or may not follow the recommendations of the Committee.

17. After complying with the foregoing procedures, the president will send an official letter notifying the faculty member whether he or she is to be retained or removed for cause. The letter will be delivered to the addressee only, accompanied by a receipt establishing to whom the letter was delivered, when it was delivered, and where. The letter will clearly state any charges the president has found sustained and will notify the faculty member that he or she may appeal to the Board of Regents for review. The appeal must be submitted in writing to the chancellor within 20 business days following the president’s decision. It will state the decision complained of and the redress desired. The Board or a committee of the Board will investigate the matter
thoroughly and render its decision thereon within 60 days from the date of the receipt of the appeal or from the date of any hearing held thereon.

18. Upon dismissal by the president, the faculty member will be suspended from employment without pay from the date of the final decision of the president. Should the faculty member be reinstated by action of the Board of Regents, he or she will be compensated from the date of the suspension.

Section 7. Promotion of Faculty Members

Areas of Review:
Teaching effectiveness
Research, scholarly or creative engagement
Service to the institution, profession and community

Professional growth and development is expected and is considered in the evaluation of the areas reviewed.

Promotion Criteria:

Only faculty members holding terminal degrees, or the equivalent in training, ability, or experience, may be considered for tenure. Terminal degrees must come from a university that is fully accredited or, in the absence of a system of accreditation, internationally recognized.

Faculty must also exhibit satisfactory performance in all three areas with demonstrated excellence in two of the three (one of which must be teaching) as determined by departmental and college “Standards of Excellence” consistent with the guidelines that follow.

The following general guidelines shall apply to the appointment or promotion to academic ranks:

Senior Lecturer – Promotion to the rank of Senior Lecturer should be based on demonstrated teaching ability and other criteria consistent with the role and position of the Lecturer as determined by the department and college.

Assistant Professor – Demonstrated academic ability and potential for professional growth serve as the bases for appointment or promotion to this rank.

Associate Professor – Actual performance as well as demonstrated potential for further development serve as the bases for promotion to this rank. Evidence must show that individuals are growing professionally and contributing to their fields. Associate Professor is a high academic rank and carries no presumption of future promotion. Promotion to associate professor without a terminal degree will only be considered in exceptional cases such as having gained high distinction as a publishing scholar or creative artist.
Professor – As the highest academic rank, the title of professor implies recognition of the individual by peers and associates as an outstanding teacher and an accomplished, productive and respected scholar or creative artist, both within and outside the university, since attaining the rank of associate professor. Candidates must also demonstrate, through scholarly publications, applied research, and/or artistic work, the ability to communicate to professional peers the knowledge and insights gained from the exploration of their area of specialization. They will need to have made important contributions in research or creative activity; university, public or professional service; and/or administrative service to professional societies. Peer review is critical, but the nature of the candidate’s discipline will determine the mode of scholarly or creative production.

Columbus State University’s Promotion and Tenure Procedures detail the steps, requirements, and timeline for application, including deans’ notification to candidates of their eligibility, steps and procedures at the department and college levels, and decisions of the provost and president to approve or deny.

Review

A faculty member with the rank of assistant professor who has not been promoted to professor in seven years, or one with the rank of associate professor who has not been promoted to professor in ten years, may exercise the right to have a review by the Faculty Senate.

Initial Appointment at Associate Professor or Professor
Candidates may be offered initial appointments above the rank of assistant professor provided they meet the requirements (other than years of service) for promotion to the desired rank and it is reviewed by the department, dean, and provost, and approved by the president.

Section 8. Evaluation of Faculty

As required by Board of Regents policy, the university evaluates the performance of each faculty member annually. Evaluations take place before March 31 and cover the performance of responsibilities from the previous calendar year.

Faculty members are responsible for documenting their specific accomplishments, and the quality and significance of those accomplishments, in a portfolio submitted to the department chair by February 15 of each year. The department chair reviews accomplishments against the objectives established and approved by the faculty member and the department chair in the previous year’s annual review meeting. Following review of the previous year’s performance, the faculty member, in consultation with the department chair, will establish goals to serve as the basis for the following year’s annual review. In the annual review process, the department chair will evaluate each faculty member’s performance as satisfactory performance, unsatisfactory performance, and excellent performance.
The document Annual Evaluation Process, Areas of Review, and Ratings Criteria establishes the basic procedure for annual review at CSU. In brief, the annual evaluation involves the creation of a portfolio by the faculty member under review, a scheduled meeting in the spring with the faculty member’s department chair, a written response from the department chair as to the faculty member’s performance in the three areas of review—teaching, research, and service—and the faculty member’s signature on a statement indicating acknowledgement of the evaluation. The document outlines specific contents required in the portfolio, including teaching evaluations, sample syllabi and other course documents, and self-evaluation narratives written by the faculty member.

Pre-tenure Review

All probationary faculty (tenure-track faculty not yet awarded tenure) will undergo a pre-tenure review no later than the end of the spring term of the third year of employment at CSU. Faculty who have been awarded probationary credit toward tenure must undergo pre-tenure review at the end of the second year of employment with CSU.

Post-tenure review

The post-tenure review system must not undermine academic freedom or tenure. All participants in the review process should begin by presuming that the faculty member is a competent and valuable asset to Columbus State University. The review must reflect the nature of the individual’s discipline; should not be capricious, arbitrary, or discriminatory; and must provide for due process.

Each tenured faculty member will have a post-tenure review in the spring of every fifth year. That is, post-tenure review will occur five years after the last promotion or personnel action. To assure a meaningful and fair process, each evaluation should include review by the College Post-Tenure Review Committee (CPTRC) and a long-range professional development plan (typically five years). This process fosters faculty members’ professional growth, while allowing for flexibility as departmental, college, and university missions or circumstances change.

The results of post-tenure review must be linked to rewards and professional development. Faculty members who are performing at a high level should receive recognition for their achievements. Administrators with tenure who have some teaching responsibilities will not be subject to post-tenure review as long as the majority of their duties are administrative (typically department chair level or higher). Administrators who return full-time to the faculty will be placed in the post-tenure review cycle and evaluated under those guidelines in the fifth year following their return and at subsequent five-year intervals.

The following are the areas of evaluation for post-tenure review:

- teaching effectiveness
- research, scholarly or creative engagement
- service to the institution, profession, and community
Faculty must demonstrate satisfactory performance in all three areas as determined by departmental/college “Standards of Excellence.”
